

Be  
mine

My love,

Just a moment ago, I thought about you and my heart nearly stopped. So before another moment goes by I want to say how much I love you. I love you for the late-night laughs and the early morning kisses. I love you for holding my hand through this thick and thin. I love you for keeping butterflies in my stomach and being a one and only true friend. And most of all, I love your being my husband and father to our children.
